

00 Checklists

We use checklists to keep our work reliable and safe. Just like a pilot: despite excellent training and a co-pilot by their side, they still rely on checklists to make sure no critical step is missed. In the same way, our checklists help us stay structured, reduce risks, and maintain consistent quality.

Here is a list of our checklists:

- [Internal PM Checklist](#)
- [Another Project Checklist](#)
- [Testing Feature Checklist](#)
- [Internal Release via RAT](#)
